

# *Royal Grass®*

## *...at home in your garden*

### *The advantages*

*You probably have a very good sense of just how much time and energy it takes not only to create a great-looking lawn, but to keep it that way. Royal Grass® offers countless advantages:*

- A beautiful green lawn at all times - without water and with minimum maintenance.*
- A lawn that can withstand intensive use without developing bald patches or brown spots.*
- Go ahead and sell your lawn mower! You will no longer need it, nor will you have to deal with the annual costs of spraying, reseeding and weed control.*
- The best part is, you can install artificial turf where normal grass will not grow, whether in the shade, under a roof or even on a balcony or roof terrace.*
- Royal Grass® feels wonderfully soft to the touch and has a guaranteed long life span, as well as an 8-year warranty on UV-stability and colour fastness.*

***Royal Grass®; artificial grass for today's lifestyle!***

# Royal Grass®

## ...quality guarantee

*Since its establishment in 2003, Royal Grass® has become a leading brand in innovative artificial grass, with products available in 30 countries worldwide. Thousands of garden owners already enjoy the luxury of Royal Grass®.*

*Being a market leader, Royal Grass® takes its responsibility seriously when it comes to the quality of its products, as well as socially responsible business practices. This is why Royal Grass® offers you a **quality guarantee**.*

### ***The natural V-shape***

*When handling synthetic grass, look up close! The fibre blade used for Royal Grass® mimics nature. As with natural grass, the fibre has a V-shaped structure. A robust core, the 'backbone' of the fibre, makes sure the blades stay as upright as possible. The result is incredibly durable and realistic-looking grass. This shape is a patented property of Royal Grass® and all products in our range feature this unique fibre. The V-shape combines **durability with a natural appearance**.*

### ***Powered by TenCate***

*Royal Grass® is produced in the Netherlands using artificial grass fibres made by Royal TenCate in accordance with meticulous and strictly supervised quality standards. Royal Grass® is proud to offer the only artificial grass product on the market for garden landscaping that carries the 'powered by TenCate' label. This is our guarantee to you of a **high-quality product with a superior origin.***

### ***Warranty***

*Royal Grass® guarantees a long-lasting, beautiful lawn. Thanks to our history and experience, we provide an **8-year UV stability and colour fastness warranty** and a **life expectancy of more than 15 years.***

# *Royal Grass®*

## *...safe artificial grass*

*The fibres from TenCate used for the production of Royal Grass® have been investigated according to the stringent German standard DIN 18035-7 in a testing scheme in which all applied polymer compositions and colors were represented. This means that no lead, cadmium, chromium total, copper, mercury, zinc or tin above the strict minimum limits are measured for leaching out into the groundwater.*

*Furthermore, a qualitative health risk analysis was conducted in 2005 by Dutch organisation TNO (organisation for Applied Scientific Research) to establish the possible dangers related to the use of Royal Grass®. The following exposure situations were covered:*

- Inhalation of substances released at high outdoor temperatures (max 50 degrees C°).*
- Inhalation of substances released in a fire.*
- Eye contact with fibres.*
- Drinking water containing leached materials from Royal Grass® fibres and backing.*
- Contact between damaged skin and fibres.*
- Swallowing / sucking on Royal Grass® fibres.*

***The conclusions based on the qualitative risk assessment of Royal Grass® products confirm that they are safe for use in all recommended applications.***

# *Royal Grass®*

*...unlimited possibilities*

*Royal Grass®...the grass that  
lets you create the perfect  
green lawn.*

*Royal Grass®...the smart and  
fashionable addition to your  
roof terrace or balcony.*

*The luxury, look and feel of grass – with minimum maintenance. Create your dream garden, a lovely courtyard setting, a clean and safe play area or innovative balcony floor. Be inspired by Royal Grass®, with its endless possibilities. **Royal Grass®: none of the bother, but all of the luxury of grass!***

*Royal Grass®...the ideal  
complement to your own  
unique style.*

*Royal Grass®...for areas  
where ordinary grass  
cannot grow.*

# Royal Grass®

## *...the choice is yours*

*This brochure contains pictures of gardens that have been landscaped with various Royal Grass® products. The type best suited for your garden depends on your personal preferences in terms of colour combinations and softness. Obviously, you will get a truer sense of the look and feel of Royal Grass® by actually touching the product. In fact, the best experience is had by walking on the grass barefoot. Schedule a visit to a showroom garden to experience it!*

*Whichever system is most suitable for your needs, i.e. with or without a sand fill, depends on where your artificial grass will be installed and the intensity of expected use. To make sure you choose the right product, contact one of our distributors for free advice before making your purchase.*

*Visit our website to see the products.

# *Royal Grass®*

## *...eco-friendly artificial grass*

*Peace of mind comes from choosing an artificial turf brand whose production processes have the least harmful impact on our planet. Royal Grass® strives for zero waste and where possible, Royal Grass® re-uses and recycles materials.*

*So, sit back and relax. Royal Grass® artificial turf contains no harmful toxins or heavy metals. But even better, you have the option to choose products that are 100% cradle-to-cradle thanks to newly developed production techniques.*

*Striking a balance between planet, people and profit.*

## *e-equal<sup>®</sup> product line*

*The e-equal line represents top quality eco-friendly artificial grass that, at the end of its service life, is 100% recyclable. Your waste is transformed into raw material that can then be used to manufacture other products, creating a closed loop production cycle.*

- *100% recyclable.*
- *Produced in a sustainable manner.*
- *Environmentally friendly raw materials.*
- *Closed loop production cycle.*
- *Reduced water use.*
- *Reduced pesticide and fertilizer use.*

### ***Royal Grass<sup>®</sup> EcoSense***

- *Fine and flexible grass blades*
- *40mm tall grass blades*
- *Extremely soft to touch*
- *Fitted with supportive root zone*
- *100% “cradle to cradle”*

# Royal Grass®

## *...installation in your garden*

*Royal Grass® can, in principle, be laid anywhere. There are a few conditions, however, that must be met to ensure the best possible result. Adequate base preparation is important for supporting the weight of the artificial grass and to help it last as long as possible.*

### ***Laying***

*Laying artificial grass requires professional skill, just as with paving and brickwork. Points that must be taken into consideration include the type of surface, weather conditions and the effect of weather on the grass. As with carpet laying, cutting the material to fit and seaming the joins require skill and experience. Naturally, the difficulty of the installation depends on the type of artificial grass chosen and the garden layout. For these reasons it is often best to leave the installation to the professionals.*

## ***Maintenance***

*Royal Grass® will give you many years of enjoyment with minimum maintenance. Here are some simple maintenance tips to keep the grass looking its best.*

### *Tips*

- *Keep the grass free of debris and leaves.*
- *Remove leaves using a leaf blower or rake.*
- *Remove any weeds immediately to prevent seed dispersal.*
- *Use clean water to rinse off any spills, such as from liquids or melted ice cream.*
- *Pet excrement or smells can be removed using a shovel or detergent and water.*
- *Avoid contact with hot materials (or close proximity to glass structures) to prevent shrinkage of the grass fibres.*

*More information and frequently asked questions on maintenance can be found on our website.*
